Thank you, Matt! You can address it to me and send via e-mail if that works for you all.

Best,

Jillian Adair

Hi Jillian,

Thanks!

Yes, we have annual trash trap data and monitoring data collected by the Metropolitan Council of Governments (data is collected with a grant from us) that we will provide.

When we send you the data who should I address the cover letter to?

Cheers
Matt

If you believe that this email is suspicious, please forward to phishing@dc.gov for additional analysis by OCTO Security Operations Center (SOC).

Hi Matt,

That plan sounds great! I will share the data with you after I receive. Do you plan on sending the data collected by DC government and the trash traps?

Thank you,

Jillian Adair

Subject: Anacostia River Trash Data Call

Hi Jillian,

I have spoken with most of the NGOs that collect **cleanup data** on the Anacostia River. They are going to provide you with all of the data they have going back several years. Because of that we are not going to provide you with data we have from them because of potential redundancies.

Would you mind sharing with us what they provide you with? We may decide to, in collaboration with EPA, cross reference this with what we have in our files to make sure there aren't any gaps.

Once again this is just for cleanup data (i.e. volunteers wading in streams and picking up trash). They are not providing you with DC government monitoring data or trash trap data. Let me know if I need to clarify further.

Cheers
Matt
